They expect to spend several weeks enjoying ranch life. The McAllens have an ideal country home on their ranch and usually spend part of the summer there. Later in the season they probably will go for a stay at some resort on the St. Lawrence river, possibly at Niagara Falls.

WRITE STORIES FOR MOVING PICTURE PLAYS

New, Spare Time Profession for Men and Women—One Man Makes \$3500 in Six Months.

Owing to the large number of new motion picture theaters which are being opened throughout the country, there is offered to the men and women of today a new profession, namely that of writing moving picture plays. Producers are paying from \$25 to \$150 for each scenario accepted, upon which they can build a photo play.

\$3500 IN SIX MONTHS
As it only requires a few hours time to construct a complete play, you can readily see the immense possibilities in this work. One man who gave the idea a tryout, writes that he earned \$3500 in six months. It is possible for an intelligent person to meet with equal success.

One feature of the work that should appeal to everyone, is that the work may be done at home in spare time. No literary ability is required and women have as great an opportunity as men. Ideas for plots are constantly turning up and may be put in a scenario form and sold for a good price.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

JOHNSON IS RELEASED

CONSTITUTIONALIST CAPTAIN REJOINS HIS COMMAND IN MATAMOROS.

No reason for holding Jantus Johnson, a captain in the ranks of the constitutionalists who was arrested yesterday afternoon by Policeman Gordon, and at noon today the man was released from the county jail by Gordon's instructions. Johnson immediately made for the Brownsville and Matamoros ferry line and returned to the city across the river. He was supposed to leave Matamoros today for Saltillo to rejoin his command.

Louis Wilson, arrested at the same time that Johnson was taken in, is still in the county jail. Wilson is charged with theft from person, a United States soldier claiming that Wilson took \$12 from him while he slept in a house near the city hall. Wilson later returned part of the money. The soldier said he had loaned \$100 on his person at the time, but he believes the larger amount was lost.

Wilson was convicted in the district court last fall of the theft of an overcoat from a homemaker train in the Frisco yards in this city. He was given two years but the sentence was suspended pending good behavior. What effect this later charge will have on the suspended sentence is as yet unknown.

LEAR TO SWIM.

"I was very glad that I took swimming lessons at Havergal," said little Helen O'Hara. Well she might be, for otherwise she would not have survived the sinking of the Empress of Ireland. While little girls 8 and 10 years survive where strong men drown the moral is not to be escaped. It is the art, not strength, which conquers the treacherous element. Giant muscles beat themselves out idly in the water unless there is a knowledge of how to make the water a servant.—New York Times.
